Shops and leisure amenities come fully accessible at your new home.

Live your dream at Manhattan Heights.

Life is all about challenges. They make each day more exciting and push you to always be at the top of your game. From the moment you step out of the house, tirelessly doing what you set out to accomplish for the day takes effort and patience—especially when the rush hour is in full swing.

When it comes to the bigger and more serious challenge of fulfilling your dream of a convenient lifestyle, Megaworld Corporation has something exceptional to offer: a well-planned condominium home at Manhattan Heights in the Araneta Center. In this vibrant community, you're free from the stress of the gridlock, giving you and your loved ones more time to be, see and do more.

The third phase of the 18-tower Manhattan Garden City project, Manhattan Heights showcases a premier location near the exciting attractions of the Araneta Center, as well as a variety of schools, workplaces, medical centers and churches. It also boasts a direct link to the LRT-2 and MRT-3 train systems, which lets you enjoy a traffic-free route to the most important destinations in the city.

Tower C of Manhattan Heights, the final residential tower to be built for this phase, is set to come on stream soon, offering condo buyers the opportunity to command the pace of their everyday lives.

Aside from overlooking the 35-hectare Araneta Center cityscape, Manhattan Heights features a 170-meter-long garden walkway. This serves as your exclusive connection to the Smart Araneta Coliseum and over a hundred leisure and retail establishments at the Gateway Mall, Farmers Plaza, Ali Mall and Shopwise. In this fun zone, you can do your weekly groceries, shop to your heart's content, dine well into the evening and catch the last full show of the Festival box office hit.

If staying in is more your thing, Manhattan Heights has its own amenity area filled to the brim with recreational amenities and sports facilities. Homeowners also have the privilege of enjoying the play amenities in other phases, which are all interconnected through dedicated walkways.

Commuting is already a breeze with the project's instant access to the trains. However, train riders aren't the only ones that have it easy. Those traveling to [illegible] can simply stroll outside and easily catch a bus at the Araneta Center bus terminal.

Living your dream may be challenging, but it will always be fun and fulfilling when you call Megaworld's Manhattan Heights your home.

Discover Manhattan Garden City. **Call [illegible] or visit the showrooms at 2nd Level of Gateway Mall and 2nd Level of Ali Mall.**

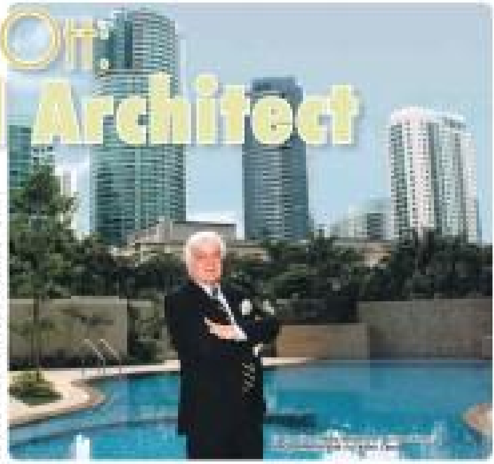
Carlos Ott: Global Architect

By CITO BELTRAN



[illegible]

Rockwell suddenly had 2.6 hectares of prime property. The challenge before them was: how to come up with an even better concept? If you were already doing great, how do you become "greater"? Rumor has it that, that is the plan: To build a "The Next Generation Rockwell" and in order to achieve that, Carlos Ott is now officially working with Rockwell Land with local consultants on the conceptual plans of the site.

Humble and proud: The paradox of Michael Carandang

Throughout his entire career, Mike always sought to give Filipino talents recognition in Hollywood, so that the world would realize that we are "Filiphenomenal."

By GABBIE TATAD

[illegible]

Cruisin' is made for love

The polka dot bikini isn't the only '50s reference — check out that sexy Brigitte Bardot hair!

Elongated cuffed shorts usually bring farmers, sexy gardeners, and Apolinario Mabini to mind, but not when they're worn like this.

[illegible]

[illegible]

Casual cool in these color-[illegible] brings out everyone's inner Zac Efron. Six pack also not included.

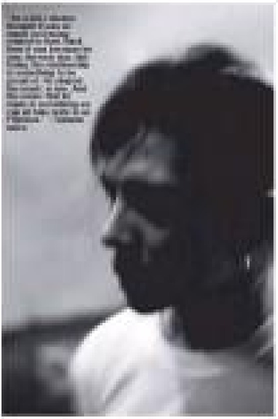
It's Ursula Andress-meets-Halle Berry for this bikini. Let out your inner Bond Girl by slapping a belt over that high-waist bikini.

Karl: The spirit of Pinoy rock

It would seem to most people that when fronting a rock band, playing any part besides the front man would be getting the short end of the stick and the late great Karl Roy appeared to be proof of that. [illegible]

Take a look around. [illegible] That's alright, Karl. Even the toughest rock stars have to take a break at some point.

— [illegible]



[illegible]

"Dad was truly amazing. He was such a good father to me. Every night Dad would text me 'Good night' and random quotes. It's still too surreal. I can't believe he's gone. There are still so many things I wanted to do with my dad. He was always there for me and he always will be — it's just different this time. I always knew he wanted to be with me every day, and now he is. I love you, Dad." —Arkanna Roy, daughter

Lighten Up!

By DON JAUCIAN

The transformative power of lighting in homes, buildings and other spaces has always been placed at a high value. Generic looking places can always be jazzed up by some skilled lighting, the way it hides blemishes or bad angles in a potentially embarrassing photo; it's a real-life version of a Photoshop tool. Grey concrete areas, swathes of walkways and parks suddenly turn into a romantic place to stroll once the sun sets and the streetlights come in (think Woody Allen's Midnight in Paris). The lighting not only provides for a powerful A+ date but also a protection to stave off any robbers or pickpockets who might take advantage of people ambling in badly lit places.

Good lighting always makes a place inviting. It's something that we notice in afternoons, as the light waltzes away to make way for the night. Suddenly a once lackluster room or an area in your house feels like a place that you can cozy up to for eternity.

As the weather heats for the mighty and unbearably humid, make your home a delight to come home to every night with these lamps and lighting fixtures that double as a stylish addition to your décor, some of which have even garnered praise in the recent Stockholm Furniture Fair 2012.

> "Good lighting always makes a place inviting. It's something that we notice in afternoons, as the light waltzes away to make way for the night."
